

Chemraz®

Compounds SD505 and SD605

Statement of Compliance

Chemraz® SD505 and SD605 have been tested per the United States Pharmacopeia (USP) testing protocol and are compliant with the requirements of the **USP Class VI** polymer. Detailed tests reports as conducted by NAMS, are available upon request.

CHEMRAZ® perfluoroelastomer parts are not routinely tested using the USP testing protocol. Testing of any finished article that incorporates CHEMRAZ® perfluoroelastomer parts is the responsibility of the manufacturer or seller of the finished article if certification that meets USP standards is required.
