

AVALON® 01 FOOD CONTACT (FDA) & United States Pharmacopeia (USP)

Dear Valued Customer,

Avalon® 01 complies with 21 CFR 177.1550 (perfluorocarbon resins) and European Regulation (EU) No.10/2011 and may be used as articles or components of articles intended to contact food subject to the provisions, including specifications, conditions of use, and limitations, if any, in these regulations.

Avalon® 01 has been tested for biocompatibility in accordance with USP Biocompatibility Testing (class VI) protocol and meets the requirements of a USP Class VI (121°C) plastic.

Greene Tweed makes no recommendation about the suitability of this product in the user's intended application. It is user's responsibility to determine whether its use of Greene Tweed products in a particular application is suitable and will comply with all applicable laws and regulations.

Avalon® 01 products are not intended for use in medical applications involving implantation in the human body. Please contact your Greene Tweed Sale Team representative if you have any additional questions.

Sincerely,

Avalon® is a registered trademark of Greene Tweed.

Greene Tweed makes no warranties, express or implied, including, without limitation, a warranty of fitness for a particular purpose or of intellectual property non infringement, including but not limited to patent non-infringement, which are expressly disclaimed, whether expressed or implied, in fact or by law. Also, Greene Tweed makes no warranty to customers or agents and has not authorized anyone to make any representation or warranty than as provided above.
